Notes

- ^A Violation cited on a notice to appear as not eligible for correction. (VC 40303.5, VC 40522, and VC 40610.) A citing officer may issue a noncorrectable notice to appear for an equipment, driver's license, or registration offense that is potentially eligible for correction if the officer determines that the violation presents an immediate safety hazard, there is evidence of fraud or persistent neglect, or the violator does not agree to, or cannot, promptly correct the violation. (See *California Highway Patrol v. Superior Court* (2008) 158 Cal.App.4th 726 [riding a motorcycle without wearing any helmet presents an "immediate safety hazard" when an officer makes that determination and issues a noncorrectable citation].) If a citation does not indicate that an offense is eligible for correction under VC 40522, a court may presume that the offense is cited as noncorrectable. (See also *id.* at p. 740 [a court may infer from the type of citation issued that the officer did or did not find disqualifying circumstances].)

(See *California Highway Patrol v. Superior Court* (2008) 158 Cal.App.4th 726 [riding a motorcycle without wearing any helmet presents an "immediate safety hazard" when an officer makes that determination and issues a noncorrectable citation].)
